PROFESSIONAL SUMMARY

Motivated and detail-oriented Applications Developer with hands-on experience in both web and mobile development. Skilled in front-end and back-end programming, API integration, and modern development frameworks. Currently completing a Diploma in Information Technology at Cape Peninsula University of Technology, majoring in Application Development.

Proficient in Java, JavaScript, C++, HTML, and React, with experience in building functional user interfaces, solving technical problems, and delivering clean, efficient code. Passionate about developing user-focused digital products and continuously improving technical skills in fast-paced environments.

EXPERIENCE

App Developer Intern — Bankseta (Plum Systems)   2025 – Present

Developed and maintained front-end and back-end features for web applications. Contributed to mobile application development, including UI implementation and backend logic. Managed code transfer and system integrations across projects. Collaborated with senior developers to debug, test, and optimize application performance.
